

the methodology and results of, its comparative review.

4. Applicants acknowledge that, if a profit is realized from the mortality and expense risk charge, all or a portion of such profit may be available to pay distribution expenses not reimbursed by the Withdrawal Charge. The Company represents that there is a reasonable likelihood that the proposed distribution financing arrangements will benefit the Separate Account and contract owners. The Company represents that the basis for conclusion is set forth in memorandum which will be maintained at its home office and will be available to the Commission upon request.

5. Applicants assert that the terms of the future relief requested with respect to any Other Contracts are consistent with the standards set forth in Section 6(c) of the 1940 Act. Applicants submit that, if the Company were to repeatedly seek exemptive relief with respect to the same issues addressed in this application, investors would not receive additional protection or benefit. Applicants assert that the requested relief is appropriate in the public interest because the relief will promote competitiveness in the variable annuity market by eliminating the need for the filing of redundant exemptive applications, thereby reducing administrative expenses and maximizing efficient use of resources. Applicants represent that both the delay and the expense of repeatedly seeking exemptive relief would impair the Company's ability to effectively take advantage of business opportunities as they arise.

6. The Company also represents that the Separate Account or future separate accounts will invest only in management investment companies which undertake, in the event they should adopt a plan under Rule 12b-1 of the 1940 Act to finance distribution expenses, to have a board of directors or trustees, a majority of whom are not "interested persons" of the Company within the meaning of Section 2(a)(19) of the 1940 Act, formulate and approve any such plan.

Conclusion

For the reasons set forth above, Applicants represent that the exemptions requested are necessary and appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the 1940 Act.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Margaret H. McFarland,

Deputy Secretary.
